

FLEET WEEK SAN FRANCISCO

December 12, 2009

Greger Pacific Marine
4225 Solano Ave, Ste 562
Napa, CA 94558-1611

Ron,

On behalf of the San Francisco Fleet Week Committee, I would like to extend a heartfelt note of thanks for your outstanding support of San Francisco Fleet Week and the Navy Blue Angels in 2009.

As you know, the last minute decision by the Coast Guard to not provide a show center vessel for the Blue Angels performances had the potential to cancel their performance this year. The positive attitude of you and your team was most welcomed and your willingness to innovate and provide timely suggestions was invaluable.

The barge you provided at the suggestion of the Navy was ideal and the positioning of the tug at show center to assist in the visibility problems the Blue Angel pilots raised the day before the show was significant to the overall success of this year's San Francisco Fleet Week.

Once again, thank you for your support of Fleet Week and I look forward to working with Greger Pacific in the future.

Sincerely

Stephen M. Teatro
Executive Producer
San Francisco Fleet Week
