To Whom It May Concern:

This letter is written on behalf of Mr. Ron Greger

Having spent the better part of the last 20+ years in the entertainment and event production industry, including producing events and shows for brands such as IBM, Red Bull, NFL, NBA, ABC, NBC, CBS, ESPN and many more, all while employed by companies such as the Walt Disney World Company, Production Group International and MJM Creative Services and now for my own company, I've come to recognize and appreciate a good source for "talent" when I see one. Ron Greger is such an individual.

I had the pleasure of working with Ron during the Red Bull Air Race in San Francisco in 2006. One often appreciates the vendors used in the flush of having just pulled off a successful event but rarely do those vendors retain their luster afterwards. Ron Greger and his company certainly do.

I know him to be self-motivated, extremely creative and an excellent problem solver. He is, by far, one of the most professional individuals whom I have ever had the pleasure of knowing and working with. His attention to detail, professionalism and client orientation are excellent.

In short, he is outstanding, and any organization that utilizes his professional services would be extremely fortunate to have him as a member of their team. You may consider him highly recommended.

Sincerely,

Michael Goldman
