RE: Greger Pacific Marine

To Whom It May Concern:

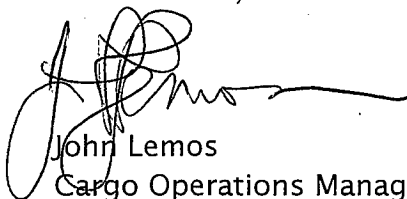

This letter is to confirm that Sause Bros., Inc. has on numerous occasions utilized Greger Pacific Marine to perform general barge towing in support of our business. From time to time, when maintenance issues have resulted in shortages of company owned towing vessels, we have hired Ron Greger's company to perform towage of our barges in order to fulfill our barging commitments. In every instance, Greger Pacific Marine has performed professionally and has upheld our company reputation with our customers.

Greger Pacific Marine voluntarily submitted to AWO vessel auditing and, as a result, is Responsible Carrier compliant. Their towing services have always been performed safely and expeditiously.

If you have any questions regarding the quality of service provided by Greger Pacific Marine please feel free to contact me at 541-267-8240.

Sincerely,

SAUSE BROS., INC.

John Lemos  
Cargo Operations Manager
